"It was great to participate in the recent Southeast Asia IIUSA Passport Series events in Hong Kong, Singapore and Hanoi. American Life, Inc has sponsored the Passport Series events regularly over the last few years, giving us the opportunity to both speak on panels and exhibit at the event. We have leveraged these events to position American Life, and its leadership, as EB-5 industry experts and at the forefront of efforts to both extend and improve the EB-5 Regional Center program. Through the Passport Series we have met individuals and formed alliances that have resulted in productive agency relationships and new investors into American Life projects.
