Step Up to IIUSA's President's Advisory Council

IIUSA's Advisory Board, the "President's Advisory Council," consists of industry leaders that have used their success within the EB-5 Regional Center Program to support IIUSA at the highest levels. Members of the President's Advisory Council help formulate IIUSA's core initiatives in government/public affairs, participate in deliberations on both internal and external association policy issues, and are kept abreast of important industry developments on a predictable schedule that includes real-time updates. Council membership assures that you are able to participate in the highest level deliberations at IIUSA by providing your input directly to IIUSA Directors, Executive Officers, and advisers.

Council - \$30,000***

Become a Program Champion! Donate to IIUSA's EB-5 Regional Center Program Champions Fund!

In 2013, IIUSA members supported the establishment of the Program Champions Fund to drive IIUSA's advocacy & public affairs initiatives. With your support, IIUSA has commissioned two economic impact studies on the EB-5 Program, which have been instrumental in articulating the benefits of the EB-5 Regional Center Program to federal, state and local leaders.

With the Program's "sunset date" of September 30, 2015 on the horizon, we must be diligent in educating Congressional decision-makers that #EB5isWorking. With your support, IIUSA can jumpstart efforts to not only reauthorize the EB-5 Regional Center Program but make it a permanent part of 21st century U.S. economic policy.

Those organizations who contribute to the EB-5 Regional Center Program Champions Fund will be recognized in IIUSA publications such as the *Regional Center Business Journal* and in-person at IIUSA conferences. Additional benefits are available for those who contribute at the Legend & Luminary levels. IIUSA offers the following suggestions for voluntary contributions:

★ ***Regional Center - \$1,500 | Associate - \$500***

★ ***Luminary - \$5,000 | Legend \$3,000***
