The **WR** Advantage

Our EB-5 team is one of the most renowned in the legal field. We are trusted advisors for investors, regional centers and developers due to our authoritative insight on EB-5 issues.

EB-5 Investor Program

What is EB-5?

Each year, 10,000 EB-5 investor visas are available for foreign investors who:

- invest in a new commercial enterprise in the United States and
- create or preserve at least 10 full-time, permanent jobs for qualified U.S. workers.

Through the EB-5 program, the investor and their family (spouse and unmarried children under 21) are able to obtain U.S. permanent residence, allowing them to live, work, and study anywhere in the United States.

***Capital Investment Requirements:**

- USD \$900,000 (if investment made in a rural area or area with high unemployment) OR
- USD \$1,800,000

EB-5 Investor Program

Advantages of EB-5 Investor Program:

- Does not require an offer of employment or labor certification application
- Does not require applicant to have a particular background, education, or experience.
- The EB-5 investor and their family is granted conditional permanent residence (Green Card) for 2 years. After 2 years, they can apply to have conditions removed from their Green Card.

Can you become a U.S. Citizen?

5 years after being granted conditional permanent residence, the EB-5 investor and his/her family may be eligible to apply for U.S. citizenship.

EB-5 Investor Program

An EB-5 investor must make:

- an “at risk” investment
- consisting of lawfully obtained capital
- in a new commercial enterprise
- that creates at least 10 jobs for U.S. workers

The investment can either be a Direct Investment or through a Regional Center.

Direct Investment vs. Regional Center

	Direct Investment	Regional Center
Applicable Business Sectors	All business that create required jobs in any industry	Invest in Regional Center designated businesses that create required jobs
Business Plan	Required	Required
EB-5 Investor Participation	Directly invested with US entity	Capital investment through a Regional Center sponsor
EB-5 Investor Business Operation Management	Active Day-to-Day management or policy formulation	Policy formulation
EB-5 Investor Relationship with Job Creating Entity	Direct	Indirect, as lender (debt) or through equity investment
Job Creation Requirement	At least 10 full-time jobs for qualified US workers	At least 10 full-time jobs for qualified US workers
Job Counts	Direct employment	Direct/Indirect/Induced
Job Creation Verification	Job projections/payroll tax returns/I-9 forms/W-2	Project-specific economist report/subject to the final approval of USCIS/subject to proof of achieving assumptions utilized by economist

Job Creation Requirements

The investor must create or preserve at least **10 full-time jobs** for *qualifying* U.S. workers **within 2 years** of the investor's admission to the United States as a Conditional Permanent Resident.

Direct vs. Indirect Jobs:

Direct Job: actual identifiable jobs for *qualified employees* located within the commercial enterprise into which the EB-5 investor has invested his/her capital.

Indirect Job: jobs shown to have been created collaterally or as result of capital invested in a job-creating entity through a regional center. This option is only applicable for investors affiliated with regional centers.

A photograph of an iceberg floating in the ocean. The tip of the iceberg is visible above the water line, while the much larger, jagged mass of the iceberg is submerged below the surface. The sky is blue with some white clouds, and the water is a deep blue. This image serves as a metaphor for a comprehensive immigration strategy, where the visible tip represents the obvious aspects and the submerged part represents the more complex, hidden, or long-term considerations.

Comprehensive Immigration Strategy
