

Connect with Prospective Investors Closer to Home with the IIUSA Adjustment of Status Roadshow

The IIUSA Adjustment of Status (AOS) Roadshow offers a new, highly targeted platform for engaging qualified EB-5 prospects already living in the United States.

Unlike international events focused on awareness, AOS Roadshow events are designed for education, consultation, and conversion, connecting sponsors directly with high-intent individuals actively exploring permanent residency solutions.

Each event will deliver curated access to:

- **H-1B professionals nearing visa limits**
- **F-1 / STEM OPT candidates evaluating long-term options**
- **High-earning individuals seeking stability and control over their immigration future**
